Columbus, O., November 5.—Only a few isolated precincts remain to be heard from today and it was not expected these would appreciably change tabulations already made on the leading candidates in Tuesday's election.

In the presidential race, complete returns had been received from all but three counties—Hocking, Montgomery and Butler. The vote stood: Harding, 1,104,093; Cox, 708,000.

With but fifteen precincts missing in the state, Harry L. Davis, Republican candidate for governor, had a lead of 131,752 over A. A. Donahy, his Democratic opponent. The vote: Davis, 1,028,236; Donahy, 896,484.

Returns from all but thirteen precincts in the race for United States Senator gave Frank B. Willis, Republican, a lead of 351,891 over W. A. Julian, Democrat. The vote stood: Willis, 1,113,879; Julian, 761,088.

Montreal, November 5.—Five thousand cases of "rye whisky" for which he paid \$5000, were found to contain a concoction of wood alcohol, chloroform and so on" when delivered in the United States, E. Davis, of Detroit, testified today in the trial of J. A. Pesant and R. Ricot, alleged traffickers in spirits.

Davis said he came to Montreal last May, bought the whisky and had it shipped to a Detroit produce dealer as a car load of "potatoes." When the car was opened the substitution was discovered.

(By Associated Press)

Boston, November 5.—Federal investigation of the lynching of Juli Perry, and the burning to death of five other negroes at Ocoee, Florida, on election day, was asked of Attorney General Palmer in a telegram sent him today by officers of the National Equal Rights League of which the Rev. Man Shaw is president.

The telegram declared Perry and his associates "heroes in the cause of freedom" and "victims of an election massacre."

INDEFINITELYWillys-Overland, City's Greatest  
Industry, Closes IndefinitelyFormerly Employed 15,000  
Persons

(By Associated Press)

Toledo, O., November 5.—Announcement was made here today that the Willys-Overland plant, normally employing 15,000 workers, will shut down tomorrow for inventory and remain closed for an indefinite period.

Vice President C. A. Eral made the announcement following a conference this morning. Notices of the closing were posted in all departments.

It is understood in industrial circles that approximately 3000 were at work when announcement of the closing came. When labor trouble developed early in the summer of 1919 more than 16,000 workers were employed.

Today's developments at the Overland followed recent reductions in the working force, the reason given being the unfavorable condition of the market.

The Overland company is the city's largest industry.

SENTENCED AND  
THEN PARDONED

Montpelier, Vt., November 4.—Governor Percival W. Clement late today granted a full and unconditional pardon to former Governor Horace P. Graham, who was sentenced in the Supreme Court earlier in the day to imprisonment for five to eight years for embezzlement of state funds while he was state auditor.

Graham, during his long term as auditor, is said to have taken unlawfully about \$22,000, for the greater part of which restitution had been made before his trial.

HARDING  
IS READY

VACATIONCompletes Work Preparatory To  
Month's Rest in SouthlandWill Call Statesmen Together  
For Conference in December.

(By Associated Press)

Marion, O., November 5.—In the final preparation for a first real vacation in months, President-elect Harding today disposed of the last remaining business of his campaign headquarters here and virtually abandoned the headquarters building, which had housed his office and campaign assistants since July.

With Mrs. Harding and a party of friends, he leaves tomorrow morning for a month's vacation trip that will take him to southern Texas and probably to Panama.

Soon after his vacation trip which is to end early in December, Mr. Harding is expected to take preliminary steps toward a consultation of statesmen, which he has promised throughout the campaign, for the formulation of America's program toward a world peace association.

Whether he actually will assemble such a council before his inauguration, however, is regarded as doubtful.

Indianapolis, November 5.—Federal Judge Anderson declared in United States District Court today the investigation to be made by him next Monday of Attorney General Palmer's connection with the soft coal conspiracy cases would be for the purpose of ascertaining "whether the Attorney General can make an agreement to suppress a portion of the Government's evidence."

It was understood here this morning all patrols had been withdrawn from scattered mining camps.

Federal troops were brought at the request of Governor Cornwell after a series of disorders attending the strike.

SUPPORTERS SCHEER  
PRESIDENT WILSON

(By Associated Press)

Washington, November 4.—President Wilson made his first public appearance tonight in more than a year, when he was lifted in his wheel chair to the east portico of the White House while hundreds of Washington League of Nations adherents gathered on the White House lawn.

As the President was lifted in his wheel chair, the crowd on the terrace below broke into applause and joined in singing "America."

(By Associated Press)

Washington, November 5.—President Wilson today directed Secretary Daniels to place a battleship at the disposal of President-elect Harding for his contemplated visit to the Panama Canal Zone.

The President also instructed Mr. Daniels to offer Mr. Harding the use of the presidential yacht "Mayflower" to convey him and the members of his party to Hampton Roads to go aboard the battleship.

Secretary Daniels immediately telegraphed the offer to the President-elect at Marion, Ohio.

The telegram follows:

"The President desires me to say that having heard that you contemplate a visit to the Panama Canal Zone he has directed me to place a warship at your disposal. I am also authorized to offer in his name the use of the 'Mayflower' to take you to Hampton Roads to where the ship will wait for you, if it suits your convenience. It will give me pleasure to make such arrangements as suitable to you."

Mr. Daniels did not announce what battleship would be placed at the disposal of Mr. Harding and his party, but indicated it would be one of the newest super-dreadnaughts.

GOMPERSSays Many Opposed to Labor  
Wants Beaten At ElectionThinks General Result "Plunge  
Toward Reaction"

(By Associated Press)

Washington, November 5.—Samuel Gompers, president of the American Federation of Labor, declared today in his first statement on the outcome of Tuesday's election that "every forward looking man and woman must feel some deep regret because of the great plunge toward reaction."

"The democracy will right itself at the proper time," said Mr. Gompers, "and meanwhile the actual tabulation of results in Congress, the law-making body, shows a definite and specified gain for all that makes for progress and responds to the needs of our times."

Mr. Gompers asserted every man in the House whose "record of service was perfect, has been re-elected" and added "the new Congress will show an increased number of men who hold union cards."

"The non-partisan political policy of the labor federation," he continued, "is more completely justified than ever and the tutelage of separate party action far more convincingly demonstrated."

Referring to congressional elections he said incomplete checking already showed that "fifty congressmen who were inconsiderate and hostile have been defeated. This is one of the most impressive features of the entire election," said he.

"Fifty time servers have been beaten."

BRYAN WOULD HAVE  
PRESIDENT RESIGN

(By Associated Press)

Chicago, November 4.—William Jennings Bryan here today gave out a statement suggesting that "President Wilson should resign at once."

"Now that the American people have decisively declared against the League of Nations as written by the President," said Mr. Bryan, "it would seem desirable to carry out the verdict immediately."

"The president should resign at once and turn over his office to Mr. Marshall on the conditions that on the convening of congress in December, Mr. Marshall appoint Senator Harding secretary of state and himself resign."

"The law then would make Mr. Harding president, and with the Republican support in congress he could at once put into operation the plan for the United States to enter into an association of nations for peace."

"As world peace is a thing nearest the president's heart, he can hardly refuse to hasten the coming of peace by so small a sacrifice—if it could be called a sacrifice—to escape from a three months combat with a hostile congress, supported as it is by the recent vote."

Williamson, W. Va., November 5.—The battalion of federal soldiers who have been on duty in the Mingo county coal fields since the strike of miners was called almost three months ago, has been withdrawn.

Twenty-five troopers of the West Virginia constabulary arrived to take the places of the soldiers. An additional detachment is expected within a few days.

Orders for the return of the battalion to Camp Sherman, Chillicothe, O., were received by Major Ashbrook, who has been in command here for several months. A special train was provided and the soldiers moved out.

Senate Will be Composed Of  
59 Republicans and 37 Dem-  
ocratsHouse Has 286 Republicans  
137 Democrats And Eight  
UndecidedMontana Only State Where  
Final Result is Still in Doubt

(By Associated Press)

New York, November 5.—With the size of President-elect Harding's electoral vote virtually settled at 404 out of a possible 531 and the complexion of the new Senate set down as 59 Republicans and 37 Democrats, Republican leaders today awaited belated returns on eight contests in six states to fix the exact size of the Republican House majority.

Exclusive of the eight undetermined seats in the lower house, the Republicans had 286 members to 137 Democrats and four of other designations, a plurality of 149—the greatest ever held by a party in the House. The nearest approach to it was in the fifty-second Congress, when the Democrats had a lead of 148.

Republicans appeared to be assured of better than an even break on the eight outstanding seats, which would give them a record party margin in the House.

The seats still in doubt were the fourth Maryland district, eighth Minnesota, fifth Missouri, fifteenth, twenty-first and twenty-third New York, first North Dakota and fifth West Virginia.

A further possible Democratic upset appeared possible in the fourth Tennessee district, where W. F. Clouse, Republican, was reported to have forged slightly ahead of Cordell Hull, earlier reported elected.

The Senate majority was settled late last night when belated returns from the mountain regions of Kentucky gave the Republican candidate, Richard P. Ernst, victory over Senator Beckham, Democrat.

Montana, with a large part of her vote unreported, still was technically in the undetermined column as to the disposition of her five electoral votes, but as both of her representative contests went to the Republicans and the presidential vote so far counted favored Harding, it seemed likely she would fall into the long Harding list. Without Montana, Harding would have 399 electoral votes.

Yesterday's count in Oklahoma assured the nation's new woman voters one representative in the lower house. Miss Alice Robertson, of Muskogee, a farmer and restaurant owner. Miss Robertson was an anti-suffragist prior to the adoption of the nineteenth amendment and made the congressional race to "see if the men meant it" when they "thrust the vote on us."

MONTANA GOES  
REPUBLICAN

(By Associated Press)

New York, November 5.—Montana's four electoral votes fell definitely into the Republican column when returns from 1227 precincts out of a total of 1482 precincts gave the Republican candidate a lead of 44,530.

With North Dakota's electoral votes counted last night when Democratic leaders admitted they had given up hope of carrying the state, the addition of Montana brought the Harding total up to the 404 mark.

GOOD GASOLINE AND GOOD OIL  
MAKE A GOOD MOTOR BETTER

## Did the Cold Snap Catch You With Same Old Oil?

In the heat of summer inferior oil is not so noticeable, but it gets in its work of destruction just the same. But when the chill of winter hits the motor, then is when the bad spots show up, and the oil is among the first.

It's not enough to just change to lighter oil. You want an oil that makes sure of perfect lubrication even in the cold weather, and yet one that will withstand the heat of the motor. You run a risk by not paying strict attention to your oil.

Avoid bad results and eliminate the risk by using only JESCO MOTOR OIL. When you change your oil this winter, fill up with JESCO. You'll find it satisfactory.

## CORN HUSKING PRICE VARIES

One Farmer Endeavors to Figure How He Can Make Profit Raising Corn.

Corn husking prices in Fayette county run all the way from six to twelve cents per bushel, with comparatively few having their corn husked for six cents, and still smaller number paying over 10 cents per bushel.

Reports from farmers in various parts of the county state that the usual price is 8 to 10 cents, and those paying more than ten cents are said to be doing so only because they want to have their corn husked without delay in order to move.

One farmer announces that he paid 35 cents per shock to have his corn cut, and that to have it husked will cost him 30 cents per shock, counting three bushels to the shock. This would cost him a total of 65 cents for cutting and husking and as he is farming on the halves his shock of corn would cost him \$1.30 for cutting and husking. Figuring his three bushels of corn at 50 cents per bushel, the farmer has 50 cents per shock left for breaking, conditioning, planting, cultivating, hauling and marketing his corn.

## AFTER ANY ILLNESS THE BLOOD IS WEAK

If You Get Well Slowly, Try Building Up Your Blood

It's Blood That Feeds The Body

Pepto Mangan Creates Rich, Red Blood, Changes Pale Complexions to Bloom of Health

A serious illness, even a cold that is hard to shake off, can reduce the blood to a weak, watery condition which keeps the normal strength and vigor from coming back.

This poor physical condition brings on a helpless, discouraged mental condition which rich, red blood can restore.

Pure blood should be rich in iron which Nature supplies to some extent in food. But often through faulty digestion or improper diet you don't get the needed iron, and your blood, on which your health depends, grows weaker and weaker.

Gude's Pepto-Mangan enriches the blood, increases the red blood cells and supplies the ingredients that bring a quick response in vigor, vitality, and fine color.

Physicians recommend Gude's Pepto-Mangan. When you order, be sure the word "Gude's" is on the package. With out "Gude's" it is not Pepto-Mangan. Furnished in both liquid and tablet form. For sale by all druggists.—Adv.

Craig of Washington C. H. is looking toward the best year in history. Increased interest and a record for excellent entertainments has resulted in greatly increasing the scope of the club's activities.

Extensive trips are being arranged for the holiday and spring vacations besides numerous two and three day trips throughout the state. Manager G. T. Hodge is now booking dates through the Christmas vacation.

A dignified and artistic program of the finest music has been adopted rather than the college jazz as sung by many similar organizations, although lighter and popular numbers are included in the entertainment. The chorus work of the club proper is augmented by the 'Varsity Quartet' an instrumental arrangement and a reader.

The club is under the direction of Professor Witte of the Ohio Wesleyan University School of Music and T. S. Davis, student leader.

## RABBIT SEASON OPENS NOVEMBER 15

Hunters are preparing for the rabbit season which opens on the 15th of this month. Dealers report that there is a lively trade in firearms and ammunition. From all over Fayette county comes the word that the game is plentiful this season.

The season is November 15th to January 1st, both dates inclusive. Ten rabbits in one day is the limit for any one hunter and they can be taken only from one hour before sunrise to one hour after sunset.

The open season on three varieties of feathered game opens on the same date: pheasants November 15th to 25th, quail November 15th to 25th, and the limit is three in one day; ruffed grouse, November 15th to 25th, the limit is three in one day; Hungarian partridge, November 15th to 25th, limit six in one day.

MRS LAURA RARICK, of Peoria Ill., who says she believes she is the happiest woman on earth since Tanlac so completely restored her health. Regains 50 pounds which she lost during a period of ill health which lasted eleven long years.

"I believe I am the happiest woman in the world, and it is all the cause of what Tanlac has done for me," said Mrs. Laura Rarick, 403 Medroth St., Peoria, Ill., a well known and highly respected resident of that city.

"I never dreamed that I would ever find anything that would do for me what Tanlac has done," she said. "I was in a wretched state of health and was down in bed so long that I lost fifty pounds in weight, but I have gained back every pound I lost and I now feel as well as I ever did in my life. The indigestion and other troubles that made life a burden for eleven years have entirely disappeared and I am like a new woman."

"My stomach was so disordered that even liquid foods and plain water caused me to have dreadful cramping spells that lasted for hours. My kidneys were disordered and I had pains across my back almost constantly. I had severe headaches nearly every day and became so dizzy I could hardly stand. I was so nervous it was impossible for me to get a good night's sleep. I tried every conceivable medicine and was treated by specialists, but nothing helped me, and finally I was told I would never be well again."

"But Tanlac has made me a perfectly well woman in every way. I can now eat and sleep like other people and I haven't a pain about me."

"I am glad to give this statement for I want to do all I can to let the world know about this wonderful medicine."

## BUILD BRIDGE DURING NIGHT

Plan is Being Adopted to Prevent Interruption of Traffic on Main Roads.

Under the direction of County Surveyor Frank M. Kennedy a force of men went to work shortly after twelve o'clock Thursday night and put in a new 16 foot bridge on the Prairie Pike near the Lampe farm before daybreak.

This is one of several instances where the work has been done during late hours in order that traffic might not be interfered with and it is meeting with the general satisfaction of the traveling public and their entire approval.

The surveyor states that in all his experience in bridge building at night not a single vehicle has been interrupted in travel.

Spotlights are used to illuminate the scene and the workmen, with all materials and tools on the scene are not handicapped in the least by the darkness.

The method is used only with small bridges and would not prove practicable with large spans, it is said.

On account of the ever increasing amount of travel on the public roads it is becoming more and more difficult to arrange satisfactory detours for the heavy vehicles, it is declared. Wire fences along the road is another reason the County Surveyor gives why traffic cannot be turned through the fields at a moment's notice.

### The Choice

One of the great causes which contributed to the overwhelming Republican victory in Tuesday's election was the grim determination of the American people to preserve the separate branches of the government in unimpaired power.

They will not consent to any over-mastery of the legislative and judicial branches of the government by the executive, no matter who that executive may be and no matter how just the cause he represents.

This is a government of checks and balances and the preservation of those checks and balances takes precedent over any individual no matter what his service has been, no matter how grateful the people may feel for services performed.

We have had, before this memorable 1920, instances—pathetic instances too—where worthy individuals have forgotten, in their zeal, the majesty of the people and the sacredness of the separate branches of the government and, in each instance, the people have spoken decisively for the perpetuation of American institutions of government as our forefathers created them.

No cause, however just, warrants, in the opinion of the American people, expressed emphatically more than once, overriding of the governmental structure even for once.

The nation is supreme to the individual and, as often as the American people are called upon to choose between and man and the governmental institutions the expression of preference is certain to be for the nation.

### In The Forefront Again

The originality and the very audacity of William J. Bryan's proposals, as well, of course, as the wisdom of many of his suggestions, have served to keep him in the forefront of public attention for more than a quarter of a century.

Now after long weeks of absolute silence during the most stirring presidential campaign of the last thirty years, in itself an act which attracted attention and unfavorable comment too, Mr. Bryan makes the startling proposal that, immediately following the assembling of the new congress in December, President Wilson resign his office on the understanding that his successor, Vice President Marshall, appoint President-elect Harding secretary of state, thus preparing the line of succession, then resign so that Senator Harding can immediately assume his office and proceed with the work of bringing about formal peace.

That is about the most radical suggestion yet made by Mr. Bryan and yet, when we consider it, why not? Why wait for three months "marking time" until March 4th? It seems reasonable like all of Mr. Bryan's suggestions and yet we have the constitutional provisions to consider.

At any rate Mr. Bryan's statement has succeeded in bringing him out of retirement.

### A Departure

In his public statement conceding the election of his opponent, A. V. Donahey, defeated candidate for governor of Ohio, concludes with the sentence: "After January 15 I must seek a position, and invite proposals from Ohio business firms."

He adds something new—an individual touch so to speak—to the old stereotyped statement and at the same time has an attractive little preamble to his "classified advertisement" for a job.

Of course everyone soon to be out of a job can't advertise for a new place in such attractive form as Mr. Donahey. His form can't be adopted as a regular one because it is not available to very many jobless people. Only a very small percentage of job hunting men have been candidates for governor of Ohio. That state of facts existing, fortunately so far as job hunting is concerned, Mr. Donahey was quick to seize upon it and capitalize it. That action, too, is typical of the man. He has always been a good advertiser. He knows the value of the little things.

We have no inclination to comment on Mr. Donahey's efforts in private life and would not do so if he had not hooked up his private endeavors with his public work.

This seems another case of "small potatoes."

## GUESSERS BUSY ON HARDING'S SELECTIONS FOR CABINET PLACES

Those Relating to General Wood Are Based on False Basis

Three Men Close to President Elect Who Are Likely To Be Consulted.

BY MARK SULLIVAN  
 (Copyright 1920)

New York, N. Y., November 5.—Talk of cabinet possibilities has already begun. So far it is wholly in the rather distasteful field of what President Wilson occasionally refers to as "conjectural journalism." Indeed some of this cabinet talk goes beyond being merely harmless guessing. Some of it is put out in a way which the experienced recognizes as a case of the guileless reporter serving unwittingly the purposes of politicians who are by no means guileless.

If a man is a real cabinet possibility and if some politician would like to keep him out, a good way to make his selection impossible is to circulate rumors that his appointment is to be made as the result of a deal.

For example I have seen it stated that Gen. Wood is to be made Secretary of War as the result of a deal at the Chicago Convention. As a matter of fact, everybody who was close to the Chicago Convention knows that Gen. Wood was the one candidate whose delegates stuck to him to the end and that he is about the last man who could be said to have delivered any delegates to Senator Harding. Gen. Wood may or may not be considered as a cabinet possibility, but the suggestion that he might be selected because of a pre-convention arrangement is chiefly valuable for the smiles that it is so.

**Of Three Men Close to Harding**  
 Omitting all conjectures of actual cabinet suggestions, this much can be said. In the various occasions that I have had of observing Senator Harding's entourage during the past three months, it struck me that there seemed to be three men who were obviously close to the Senator's decisions and policies. In the field of thought and policy it is very apparent that the two men who were most in touch with Senator Harding were ex-Senator Sutherland of Utah and Richard Washburn Child. These two were obviously very close to Senator Harding in the discussion of policies and everybody with any discrimination took satisfaction in knowing that this was so.

Former Senator Sutherland is a man of unusually ability and high-mindedness. I think that any one who would consult the accepted leaders of the legal world in America—any one who would ask Senator Root, for example—would be told that Mr. Sutherland is one of the two or three best lawyers in America.

When he was active in politics some years ago, Senator Sutherland trained on the whole with the Old Guard crowd of the Republican party and stayed with that party when the Progressive split occurred; but it is also true that in most matters his thought was identical with that of the Progressives. My recollection is that Senator Sutherland helped Senator La Follette in the making and passing of the well-known Seamen's Act, and I think that recently he has acted as counsel for the Seamen's Union. It is an unusual and most desirable combination of an accurate mind and progressive human sympathies.

It would be hard to find a man more desirable to be in the relation Mr. Sutherland has had to Harding, the role of adviser in the field of thought and policy.

#### Mr. Child Progressive

Mr. Child is even more conspicuously progressive than ex-Senator Sutherland. He was one of the leaders of the Progressive movement in 1912, was one of the men closest to Mr. Roosevelt and acted as Chairman of the Progressive party in Massachusetts.

By occupation Mr. Child is known as a writer and editor, but that career has been to quite a degree an avocation with him. He is a lawyer and has had much to do with the construction and management of several important engineering enterprises, notably the construction of the Keokuk dam on the Mississippi river. It would be difficult to give too superlative an estimate of Mr. Child's character and ability.

He has a combination most unfrequently found of the insight and imagination of a writer, coupled with an exact mind and cautious, sure footed judgment.

His closeness to Harding was evi-

dence both of the latter's judgment in selecting him, and of his personal quality as well for no one with less than an unusually high level of character and taste could have engaged Child's interest in the beginning or have sustained the loyalty that Child has obviously had to Senator Harding.

The third man who also seemed close to Senator Harding is of an entirely different type. He is Harry Daugherty of Ohio who has long been one of the dominant figures in the Republican politics of that state. In that role he is pre-eminent. He is an extremely able man. Senator Harding's nomination is due unquestionably more to the energy and political sagacity of Mr. Daugherty than to the efforts of any other one man.

Probably Mr. Daugherty does not care greatly about matters of policy and thought. He is more concerned with practical politics and it may be expected that in the matter of the great mass of political appointments and especially local appointments in Ohio, he will have a great deal to say. He would probably be bored with the things that would engross Mr. Child and Mr. Sutherland; and most assuredly the latter two wouldn't take any interest in the sort of practical politics that would fascinate Mr. Daugherty.

#### Likely to Counsel With Them

I merely mention the relation these three men have had to Senator Harding as a matter of past record readily observed by every one. But it would not be improper to assume from their relations with Mr. Harding during the campaign that he would discuss cabinet appointments with them as it was evident that he discussed with them other matters of equal importance. One of these men Mr. Child, has actually been mentioned himself in the newspapers as a possible private secretary. I have no knowledge about this. Unquestionably on personal grounds it would mean a very great sacrifice. All this, however is speculation and I mention it merely because it has already been in the papers.

Since it is a matter of the past, there is perhaps no impropriety in making a guess after the event, that if Senator Wadsworth of New York and Senator Smoot of Utah had failed of re-election they would have been considered for the cabinet. Senator Smoot's exceptional ability is more widely known than that of Senator Wadsworth. But if a disinterested observer of the Senate, like for example Vice President Marshall were asked to name the five or ten most useful senators, regardless of party, he would undoubtedly include Wadsworth.

#### Senator Wadsworth's Abilities

Senator Wadsworth has the plain but yet uncommon quality of the will to work. He never introduces a matter into the senate without being prepared to answer every question, about it, and he is tirelessly diligent in the hard grind of committee work. He is chairman of the committee on Military Affairs, and if New York has not re-elected him his experience and

## RANDOM NOTES

### SOCIAL : PERSONAL MENTION : CLUBS

The Buena Vista Aid Society of the M. E. Church was indebted to Mrs. Eph Worthington, of North Main street, for one of the most enjoyable afternoons in its records on Wednesday.

Mrs. Worthington is still a member of this society, which was unwilling to give her up when she removed to this city.

The home was prettily embellished with yellow and white chrysanthemums and marigolds.

A short program was followed by a pleasurable social hour, during which a delicious luncheon was served. Mrs. William Worthington and Mrs. O. D. Marchant assisted in the hospitalities.

Forty women were in attendance.

The first of a series of K of P. dances will be given at K. of P. Castle Hall, Friday night November fifth, for the benefit of the Third Degree team. These dances proved to be very popular last year.

Harvey's Orchestra which furnished splendid music for the dances the past season, have been employed for this season.

Mrs. J. E. Simmons delightfully entertained the Ladies Aid of Olive Chapel at her home on Clinton Avenue Wednesday afternoon, the rooms were very pretty with their decoration of white chrysanthemums and monthly roses.

A fine program was rendered after which delicious luncheon consisting of frickasee chicken, fruit salad, ice cream, cake and coffee were served. Mrs. Simmons was assisted in her hospitalities by Mrs. Arthur Pyley and daughter Mrs. Cordie Cummings.

The program given at the regular meeting of the C. W. B. M. of the Christian church, Wednesday afternoon at the home of Mrs. John Van Gundy, was under the direction of Mrs. J. L. Cadwallader.

The Scripture lesson, "New Emphasis on Knowing the World" was in charge of Mrs. Frank Morris, Mrs. H. L. Spray and Mrs. W. E. Robinson had a well written paper on "Echoes from Everything." Hidden Answers were under the supervision of Mrs. Henry Jacobs.

Mrs. H. E. Conwell was also a hostess for the afternoon, and assisted Mrs. Van Gundy in serving tempting refreshments.

Mrs. Martin Hughey, Mrs. Ethel McElwain, Mrs. Wheeler Bay, Mrs. Glenn Rodgers and Mrs. Oscar Wilde were hostesses at the meeting, Thursday, of the Young Woman's Foreign Missionary Society of Grace Methodist Church at the home of Mrs. Hughey on South Fayette street.

There was a very interesting program presented, Mrs. John Dial reporting the recent convention she attended, and Mrs. Bay in charge of the study.

Georgia Pru Chapman and Elizabeth Alexander sang a charming little Japanese song, accompanied by Mrs. Karl B. Alexander.

Dainty refreshments were served at the program's close.

The Woman's Foreign Missionary Society meeting in the Grace Church parlors, Wednesday afternoon, was attended by thirty women, Mrs. C. S. Haver, first Vice-president presiding.

Mrs. Ella Blessing conducting the opening exercises, and Mrs. John Dial gave a well compiled report of the branch meeting at Conneaut.

Miss Edith Gardner was program leader.

Mrs. Cynthia Griener was received as a new member.

Misses Martha Porter Dorothy Briggs and Beota Haines went to Wilmington, Friday afternoon to be guests of Miss Catherine Snider, who is entertaining with a house party for the Washington High School and Wilmington High School foot ball game, and the week end.

Miss Sprider compliments her guests with a party, Friday evening, and an "At Home," Saturday afternoon.

This is Girl Scout Week here as it is everywhere else in the United States, Hawaii, Porto Rico and Alaska during the membership campaign of the Girl Scouts that opened on Saturday.

It is a week crammed full of Girl Scout events, and ever since the khaki clad girls swung up Fifth Avenue in a service parade on Saturday, New York has been craning its neck to see what the Girl Scouts will do next. Placards, posters, booths, decorated windows and everywhere swarms of uniformed girls and their captains, have made the town seem like a veritable Scout camp.

October 31st was Girl Scout Sunday and ministers of every faith preached on the subject of the Girl Scout laws, those ten articles of faith upon which Scouting is founded. The Girl Scouts with their captains attended church in uniform.

Other features of Girl Scout Week were the presentation of a Girl Scout camp by ex-Senator and Mrs. Willis A. Clark as a memorial to their daughter, Andree, who was an ardent Scout; Daddies' Day on Thursday, and Mothers' and Daughters' Day on Saturday. On Daddies' Day, any man may become Girl Scout Daddy—at the low rate of \$15, for \$2.196 girls. On Mothers' and Daughters' Day cooking experts will teach girl scouts to cook

in show windows of shops on Fifth Avenue, as a demonstration of the homemaking aspect of Scouting.

The Girl Scouts need new contributing members because there is no money to meet the daily cry for more leaders and more captains to take charge of applicants for Scouting that are now being turned away. Every month about 4000 girls apply for help in organizing new troops. After the campaign, the field department will be increased and organization of the waiting applicants will begin on a larger scale.

The following first and second grade pupils of Miss Simson will give the opening recital of the Fall series at her studio Saturday afternoon at four o'clock to which friends are invited.

Mr. and Mrs. Leland Stevens, of near Bloomingburg entertained with an elaborate four course dinner, Wednesday night, honoring Mr. and Mrs. B. A. Machen who were married Tuesday.

After a short visit with her parents, Mr. and Mrs. H. T. Thompson, Mr. and Mrs. Machen left Thursday morning for Cleveland, to spend a few days with Mr. Machen's parents, before leaving Saturday to make their home in Rochester, New York.

Large rose chrysanthemums and the small yellow pompon chrysanthemums were effectively used in forming a center piece.

Seated with the host and hostess and honor guests were Mr. and Mrs. Thompson and Miss Mary Ramsey. Music followed the dinner.

Mrs. Ray Maynard filled the role of hostess to the Thursday Bridge Luncheon Club in her usual charming fashion, serving a most tempting luncheon of pretty appointments.

Mrs. Pearce Ballard won the favor, a French vanity case, in a merry progressive game.

Mrs. Douglass Shoaff, of Shelbyville, Ill., was an out of town guest.

A perfect autumn day, beautiful settings and generous hospitality combined to make the elaborate progressive Bridge party given by Mrs. Roy Hagler and Mrs. Charles Brown, thoroughly delightful.

The ride to the Hagler home, one of the handsomest of Fayette County's Country places, gave added zest to the entertainment.

Yellow, white and green were the colors carried out in decorations and an elaborate collation served at the close of a spirited game. Immense yellow chrysanthemums and shaggy white ones with greenery were in effective arrangement throughout the rooms.

Eleven tables were at play, Mrs. S. E. Boggs winning the prize, a superb cluster of golden chrysanthemums, combined with oak leaves and tied with big bow of yellow tulle.

Yellow pompon chrysanthemums in bud vases nodded from each small table.

Assisting in the hospitalities were Mesdames Val R. McCoy, R. R. Kibler, Wm. M. Mitchener, Miss Edith Hamm.

Mrs. Hagler was looking very handsome in a combination gown of brown georgette and satin, made with tunic and elaborately beaded. Mrs. Brown was very pretty in blue taffeta.

Of much pleasure to the members was the meeting of the Sugar Grove G. R. C. Thursday afternoon with Mrs. Bess Lanum at her home on the Greenfield pike.

The Lanum home furnished a delightful atmosphere with its rooms

decorated with gay flowers. Victrola music added its touch.

Fifteen members were present. Opening devotionals were led by Mrs. Maude Cockerill. Mrs. Alma King conducted the lesson in an interesting manner.

A social hour of chat with refreshments followed the routine session. A motion to meet with Mrs. Addie Jett in two weeks was made before adjournment.

Miss Dorothy Neale is a week end guest in Wilmington of Miss Joy McWilliams to attend the Washington-Wilmington football game Saturday.

Miss Roxie Corbitt of Jeffersonville spend Thursday in Springfield.

Miss Mary Pavey, Mary Keane, Carman Thornhill and Verba Sprague of Sabina were recent visitors in this city.

Friends of Mrs. Addie Cory of Pasadena, California, who recently visited her cousin, Mrs. A. R. Stokesbury and other relatives will be interested to learn of her marriage on October 26, to Mr. Charles Hannold of Pasadena.

Mr. George Worrell was a business visitor in Cincinnati this week.

Mr. Albie Lucas, wife and son, William, have moved from the Bogus road to the Stewart farm near Austin, which Mr. Lucas and his son will operate the coming year.

Miss Lora Ellen Tharp returned to Columbus Friday evening, accompanied by her sister, Miss Charlene Tharp who will be her guest for week end and witness the Michigan-Ohio State football game.

Mr. Henry Glickman spent Wednesday in Cincinnati on business.

Mrs. E. E. Ustick of Columbus is the week end guest of Mrs. Bella L. Ustick and daughter Miss Florence.

Mrs. Wm. E. Sturgeon and daughter, Mrs. William Falk of Siloam Springs, Arkansas, left Friday for Cambridge, Ohio, to visit the former's son Mrs. Omar Sturgeon and family.

Mrs. C. C. Philbrick of Columbus spend Friday and Saturday the guest of her sister, Mrs. Daniel H. Van Winkle.

Mr. and Mrs. Walter Meek and daughter Eleanore, arrived Friday from Denver, Colo., to visit Mr. and Mrs. R. S. Quinn.

Mr. O. W. Powell left Friday on a business trip to Illinois.

Mr. and Mrs. Joseph H. Harper went to Akron Friday to visit their daughter, Mrs. Vivian F. Crawford.

Miss Jessie Bryant arrived Thursday from Indianapolis, Indiana, to be the guest of Mrs. James Johnston until Sunday, at which time she accompanies her mother, Mrs. Emma Bryant home from a month's visit at the Johnston home, and with other relatives also.

Mr. and Mrs. John Sidlo and baby daughter have moved into one of the Thomas Hillery bungalows on Market street which has just been completed and is thoroughly modern throughout. Mr. and Mrs. Everett Ford occupy the other Hillery bungalow of similar style.

Miss Olive Hillery left Thursday evening for Evanston Ill., to be the guest of school friends, Misses Carolyn Wheeler and Lella Moss at Northwestern University. Miss Hillery leaves the first of the week for Terra Haute Ind., to visit her former room mate Miss Lena Green at Saint Marys of the Woods.

Mrs. E. C. Rogers, of Loganport Ind., is visiting her parents, Mr. and Mrs. Joel Barrett and sisters, Mrs. L. A. Barger and Mrs. James Minshall.

## DISEASE FATAL TO LITTLE GIRL

Diphtheria caused the death at eight o'clock Friday morning of Meredith Fulton, the little ten year old daughter of Mrs. Myrtle Fulton, at the home on the corner of Pearl and Campbell streets.

It was the first death as far as known due to diphtheria in Fayette county this fall.

Besides the mother a younger sister and brother survive.

Burial will take place in the Waterloo cemetery Saturday morning at ten o'clock.

## BECOMES MANAGER SANITARIUM FARM

Clyde Bailey, well known local gardner, went to Chillicothe Thursday where he took charge of the Mt. Logan Sanitarium Farm of forty acres.

Officials of the Sanitarium Farm have not been satisfied with the production of the land due to the fact that it was not able to produce foodstuffs in sufficient amount.

Bailey has had much experience in gardening and enters into his new duties well qualified for the position.

## LARGE NUMBER ATTEND LAST RITES

The funeral services of Mrs. Adeline Stuckey, who passed away at the home of her daughter, Mrs. Grover Barger, in Hillsboro were held in Grace M. E. Church Thursday afternoon at half past one o'clock.

Rev. J. C. Arbuckle, of Columbus, former pastor of Mrs. Stuckey, conducted affecting services, with Rev. Karl B. Alexander assisting.

The memoir was a beautifully written tribute by Hon. C. A. Reid, a nephew.

Rev. Arbuckle spoke upon the value of a good life, the value of friend and of hope, emphasizing that such an occasion as this, bringing people together in the presence of death and sorrow should cause serious reflection upon the real meanings of life and instead of being discouraged, there should be inspiration to life on a higher plane.

The minister spoke with warm appreciation of the life and Christian character, of Mrs. Stuckey and the loss which her death means to family friends and church.

The church held a large gathering of relatives and friends. A great number of beautiful floral remembrances surrounded the casket.

The burial was made in the family lot of the Washington cemetery. Rev. Alexander read the Twenty-third Psalm as the casket was lowered in the grave and Dr. Arbuckle pronounced the committal and benediction.

The pallbearers were Mr. Lawson Stuckey, the only son, Mr. Grover Barger, son-in-law, Hon. C. A. Reid, Messrs. Stephen Mayo, Howard Reid and Simon Stuckey, nephews.

Relatives who went over to Hillsboro to accompany Mr. and Mrs. Barger, Mr. and Mrs. Stuckey here were Mrs. William May, Mr. and Mrs. A. R. Stokesbury, Hon. C. A. Reid, Mr. and Mrs. Stephen Mayo, Mrs. Ella Thompson.

Mrs. William Stuckey came down from Columbus to attend the services and Mr. and Mrs. Howard Reid, of Bookwalter, Mr. and Mrs. Orlando Reid and Mr. Will Reid, of Jeffersonville.

## DUTCH TREAT. HUSKING BEE REAL SUCCESS

Between Four and Five  
Hundred Persons Attend  
Old Fashioned Event.

Corn Husking, Dancing, and  
Sociability Feature Great  
Barn Party.

The Dutch Treat Club is laying claim to the feature event of the fall season in social circles. Never was anything more of a complete success than the Old Fashioned Husking Bee held at the Hays Dill home on the Jeffersonville-Washington pike Thursday evening in which between four and five hundred persons took part, including large numbers from the Jeffersonville and Book walter communities.

The great barn on the Dill farm offered spacious accommodations for the throngs. Both floors were electrically lighted. The first floor was given over to the "husking bee" and here the men plied diligently until they found the quench sought after three red ears of corn. The rule given out was that any man husking three red ears of corn might be permitted to kiss the women on his left and an opportunity was seldom overlooked. In fact the red ears became so numerous before the evening was over that yellow ears were seldom in evidence. It was whispered about that the same three red ears of corn were passed around and everyone took advantage of their splendid color.

On the second floor dancing furnished enjoyable entertainment to the throngs of old-fashioned ails, by an orchestra that played anything called for. "Casey Jones" was popular. Quadrilles and waltzes were called with surprising alacrity by some of the older Dutch Treators.

A domestic air was lent to the scene by the costumes of the guests. Overalls and straw hats replaced conventional dress with the men and the women wore rural lassies with pig tails and calico.

In the corner of the barn a pile of hay was provided for those who wished to slide and many revived this outdoor sport of younger days.

Nolan Hathaway was floor manager and kept the guests in motion with not an idle moment during the evening. A delightful sociability pervaded during the evening and although the crowd was intermixed with strangers to many from this city everyone was a good fellow and the proverbial good time "was had by all." Cider in an unlimited amount was on tap all evening and coffee, doughnuts and apples completed the menu.

## THREE PERSONS ARE INDICTED IN GRAFT PROBE

(By Associated Press)

New York, November 5.—Bench warrants were issued today for arrests of three persons indicted by the grand jury investigating the alleged building trust here.

Names of those indicted were not made public.

While the indictments in connection with the probe were being returned in special session, the investigating committee quizzing witnesses in the city hall regarding the "trust" was being informed the whole building trade of the United States was in the "grip" of the national association of stone cutters.

## Y. M. C. A. NOTABLES FROM CHINA SPEAK AT LUNCH FRIDAY

In a campaign to create interest in financing the Young Men's Christian Association in China two Secretaries spoke at the Y. M. C. A. at a special luncheon in their honor Friday noon. Student Secretary Arthur Rugh, who has spent seven years in the Y. M. C. A. service in China, was the first speaker and he was followed by his fellow worker, General Secretary of Y. M. C. A. work in China, Thomas Elliot.

The men presented their project along the line that they were not asking for assistance in keeping up the Y. M. C. A. in China, but that it was to introduce it into every district. The Chinese have shown that they will support the Y. M. C. A. after it has been presented to them.

Secretary Elliot stated that this year it would take more than a million dollars to do the same work accomplished last year. The reason for this is that the rate of exchange is a dollar lower.

## NEW TRUCK ADDED TO ROAD EQUIPMENT

A five ton Pierce-Arrow road truck has been added to the road work equipment of Fayette county. It is one of the trucks allotted by the government to the state for road work and then distributed to the various counties.

Fayette county now has eight government trucks at work on the highways. Five are Nash quads, 2½ tons capacity; two are 4½ tons Velle trucks, and the eighth is the Pierce-Arrow 5 ton truck.

Ohio was allotted 800 government trucks and these have been distributed as needed. Fayette has received almost its maximum number with the ratio ten to each county.

Scarcely of teams, it is said, has been entirely removed by the use of these trucks and road work has been permitted to go on at full capacity.

## COAL SITUATION IS IMPROVING

Many Cars Reach This City During the Present Week and More Expected.

With an increased amount of coal reaching this city, the fuel situation is improving rapidly, and within a week or ten days local dealers believe that the situation will be still more improved, and that coal in fair quantity will reach the city from then onward.

One dealer has received eight or ten cars of coal so far this week, three cars arriving in one day, and this was used immediately in filling orders of long standing. Other dealers report marked improvement in the situation, and believe that the middle of the month will witness a steady stream of coal pouring into this city to meet the great demand.

Fully twenty per cent of local citizens have no coal at all, according to one dealer, and many others have only a very limited amount. For this reason those who wish to lay in a supply of many tons are expected to wait a short time until their less fortunate neighbors have at least a small amount on hands with which to face the cold weather. One family is reported which had serious illness and was without coal or other fuel two days before being reached. Many are burning wood obtained from many sources.

*Smart New Millinery*  
for Early Winter

Over a holiday week-end a new hat is always a pleasant addition to whatever one may have selected earlier in the season. There are smart models for the Thanksgiving football game, clever suit hats and dressier creations, feather adorned, for special occasions both daytime and evening. Color, embroidery, feather fancies and metallic trimmings are among the desired embellishments.

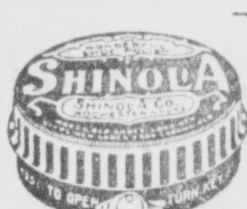

How delightful it is to wear one of these new modes, so original in style, and so smart in line decoration. Even the simplest of them are beautiful and becoming. Elegant trimmings make them refreshingly new. There is a plentiful choice in these groups, and the prices are exceedingly attractive.

The public is cordially invited to inspect my herd of Holstein Friesian cows, my barns and milk houses with their modern equipment, at any time.

Holstein cows are freer from tuberculosis than any other breed of cows of the milking variety.

If you want the best milk, produced under the most sanitary conditions, delivered at your door, the same day it is produced, call

**J. Rankin Paul**

We sell a high grade Holstein milk for babies. Automatic 12341.

Soldiers' and Widows' Pension  
Claims under the new law suc-  
cessfully and quickly prosecuted.

The lack of intelligence assumed  
by the young lawyer as he tackles  
his first case is apt to cause his pre-  
siding judge to lose confidence in  
himself.

## Only One Thing Now Lacking—Money

"I have doctor'd nine years for  
stomach and liver trouble and spent  
thousands of dollars but instead of be-  
coming cured of these ailments, my  
bloating and pains and attacks be-  
came worse. I was persuaded a year  
ago to take Mayr's Wonderful Remedy  
and have never suffered since  
taking the first dose. I wish I had the  
money back I spent for other medi-  
cine." It is a simple, harmless prepa-  
ration that removes the catarrhal  
mucus from the intestinal tract and  
allays the inflammation which causes  
practically all stomach, liver and in-  
testinal ailments, including appendi-  
citis. One dose will convince or  
money refunded. Blackmer & Tan-  
quary, Frank Christopher and drug-  
gists everywhere.—Advt.
